

Mr. Colby:

X1 1. Mr. Coffey called regarding the PMMP paper. He said he had been talking with [] who suggested that you send your memo to the Deputies saying they should be prepared to discuss it at a future Deputies Meeting. [] believes this might get more Deputies to focus on it than they would if you just asked for their comments; in the latter case he feels the Deputies would farm it out to staff men. If you agree with this plan, I would reword your memo, which I have not yet typed up. 25X1

2. You have been asked to present the Certificate of Distinction to [] I have scheduled this for Friday, 13 October, at 12:00 in the DCI C. R. STA

3. Mr. Holbrooke called to say he received your manuscript and that he thinks it is a substantial improvement over the first draft. He sent it to Frankie FitzG and he'll be back in touch with you in about ten days.
